

**Provide Mentees with the knowledge to succeed, while engaging your Mentors by ensuring they are valued.**

**Hi-Impact Mentoring®** supports a proven methodology by providing online information for each element of your mentoring initiative. It allows individuals to explore mentoring at whatever depth meets their needs from general information to more in-depth participatory information. **Hi-Impact Mentoring®** provides not just the technology but all the elements needed for a successful mentoring process.

With a program design based on a proven methodology and process, Insala can help get your mentoring initiative started. Insala's integrated approach on design, implementation and training will ensure your mentoring program is successful.

## Hi-Impact Mentoring® Process offers:

- A framework to support the mentoring process and the consistent communication between Mentor and Mentee
- Rapid application delivery through a globally accessible platform
- Substantial cost savings gained from latest flexible web based technology
- Measurement components to gain insight into effectiveness of the programs

 **insala®** It's About Your People.  
It's About Your Business.

“ Mentoring is essential in today's competitive business environment. It combines the thirst for connection with the power of learning. Leaders must be involved from the very beginning if mentoring is to be successful. ”

**Lois J. Zachary**

(December, 2007). What leaders must do to ensure mentoring success. Chief Learning Officer, 6, 12, 18-21.
